

November 27, 2018

Dear Eighth Grade Parents/Guardians,

The Mercy community invites you to spend the next two Saturdays at our campus. We host our Open House this Saturday from 10:00 a.m. - 1:00 p.m. Come meet our teachers and students and see what makes Mercy a great school. Then on Saturday, December 8 from 9:00 a.m. - 12:30 p.m., your daughter can take her placement test at Mercy. The Mercy family is excited to meet the future members of the Class of 2023!

The placement test on December 8 is the first step in our enrollment process. Please arrive by 8:45 a.m. There are only two things you need for that day:

1. Two #2 pencils
2. A completed student information form (You can complete this online or you can fill out the enclosed yellow copy and bring it with you to the test. The link to complete it online is <https://www.mercyacademy.com/placementtest>.)

Mercy awards a \$1,000 scholarship to the top 15 students, renewable each year for students in good standing.

If your daughter has a diagnosed learning difference that allows for testing accommodations, please make sure Mercy receives a form from her school by Thursday, December 6. If you have any questions, please contact Deana Padgett at (502) 671-2010.

The morning of the test, we welcome parents/guardians to join us for muffins and coffee. We will have an opportunity for you to ask questions to our principal and president. Our campus store will be open from 8:30 a.m. - 2:00 p.m. to shop for Christmas.

Mercy is a place where your daughter will thrive. She will prepare for college and the real world with an innovative curriculum and skilled teachers who bring their best to the classroom every day. We are the first all-girls school in the nation to earn STEM certification. Our five-year running 84% AP exam pass rate is unmatched, and our nationally recognized service learning and leadership program are a few of the other reasons there's no better time to be a Jaguar!

Sincerely,

Sarah J. Peace
Principal
